

SAMUEL J. TILDEN, who was elected President of the United States and swindled out of it by an 8 to 7 Commission, testified before the Cypher Investigating Committee, in session at New York, in the following unequivocal manner:—

"From the 7th of November, '76, until December 6th, same year, under no circumstances did I enter into any competition for seeking certificates by venal inducements. There never was an hour nor a minute that I entertained such a thought. To the people who, as I believe, elected me President of the United States, to 4,000,000 of citizens who were defrauded, I owed it to proclaim that I would not yield one jot or tittle of my right. Whatever evils may result from this subversion of the electoral system, I resolved I would enter into no action for the purchase of the Chief Magistracy. I was resolved that I would continue to resist against the wrong by which the people were defrauded out of their rights."

A TELEGRAM from Cape Town, Africa, states that on the 21st ult., a British column consisting of a portion of the Twenty-fourth Regiment, a battery of artillery and 1,600 native auxiliaries were utterly annihilated near Tugela River by 20,000 Zulus, who captured a valuable convey of 102 wagons, 1,000 oxen, 2 cannon, 400 shot and shell, 1,000 rifles, 250,000 rounds of ammunition, 60,000 pounds weight of provisions, and the colors of the Twenty-fourth Regiment. It is estimated that 5,000 Zulus were killed and wounded in the battle. Among the British killed are a Colonel, two Majors, and forty-six officers of lower grade.

THE counties that instructed last Monday, ran Blackburn vote to 218, and Underwood's to 141. Jones made no increase. For Lieutenant Governor, Capt. Cantrell has four times as many votes as any one of his competitors. Hewitt has 200 for Auditor, and Smith 127. Our own Watt Hamlin has double as many votes as all his competitors combined. For Superintendent, Henderson leads with 92, Halsell next with 67, Pickett with 43, Edgar 43, and Smith 36. For Register, Lynn Boyd has 89, Sheldon 66, Vorhies 41, and Mareum 40.

THE Harrodsburg correspondent of the Courier-Journal denies in an emphatic manner the charges lately made that P. W. Hardin, candidate for Attorney General, was in the Confederate service and came to Kentucky during the war and united with the Federal army. The charges emanated from Frankfort, and it is easy to see that it was done in the interest of a gentleman of that city and to injure Mr. Hardin, but it won't work. Watt is certain to be our next Attorney General.

THE Army Appropriation Bill, providing for the re-organization of the army and expunging from the revised statutes the authority to have troops at elections to keep the peace, and repealing the law which requires that military headquarters in times of peace shall be established at points where the Government owns barracks, has been passed by the House of Representatives.

It is said that the President is waiting to appoint to the Berlin Mission one of the Senators whose term will expire on the 4th of March, and have the appointment confirmed by the extra session of Congress that is now promised. It is understood that Stanley Matthews is the Senator referred to.

A New York Banker complains that the Banks of that city never had so much idle money as now. Two hundred thousand dollars were offered by a gentleman this week, who wished to loan on government securities at one per cent. for one year, but failed to find a market.

HON. HENRY A. TYLER has withdrawn from the race for Lieutenant Governor, disgusted at the unscrupulous electioneering now indulged in by aspirants for State offices. Judge T. T. Alexander, candidate for Governor, has also withdrawn for the same reason.

THE Convention to nominate a candidate for Commonwealth's Attorney for the Tenth District, adjourned after two or three days of useless balloting, unable to make a nomination. Bronston lead all the time. A primary election will now settle the matter.

THE River Appropriation Bill before Congress, has the Kentucky River down for \$100,000 and the Cumberland for \$55,000. Better give it all to the Kentucky, for its dead loss to use so small a sum on the Cumberland.

THOMAS LORD, the millionaire who married the dashing widow, Mrs. Annette Wilhelmina Hicks, not long since, and against whom his children filed affidavits of insanity because of the marriage, died in New York last Saturday.

JAMES GIBBONS was shot and killed in Mercer county last Saturday by Oscar Freeman, in a row over a trail damsel. Freeman was lodged in jail.

A BILL has passed both Houses of Congress and become a law, allowing female lawyers to practice in the Supreme Court of the United States.

CERRO GORDO WILLIAMS is in Washington, patiently waiting for the arrival of the 4th of March, when his salary will begin. A Washington telegram says: "It was supposed that he would take a house and dispense a genuine, old-fashioned Kentucky hospitality, with Washington improvements, during his term; but he has secured permanent quarters. I understand, at the Riggs, where he and his accomplished wife will receive and entertain their friends. It is believed that a residence in the White House is the ultimate purpose of Mrs. Williams, who is ambitious as well as clever, in which event her gallant and handsome husband would become lord of the mansion ex-officio. She will become a welcome addition to Capital society."

THE speech of Senator McCreery, of this State, in advocacy of the transfer of the Indian Bureau from the Interior to the War Department, before the Senate last Monday, is spoken of as a masterly effort. As a humorous and pathetic speaker he has no equal in the Senate, and no other man in it has commanded its attention in a more marked degree than he has on the several occasions that he has spoken. This was known to be his last speech, and the crowds that filled the galleries and floor of the Senate showed how high he is held in the estimation of the people all over the country.

THE citizens of Green and Taylor are united in their refusal to pay the railroad tax, lately ordered to be collected to pay a judgment of the United States Court at Louisville. About two hundred of them rode into Campbellsville on Saturday night to interview the collector, who happened to be absent, and getting possession of the Court-house, passed resolutions threatening the direct vengeance on any man who dared attempt the collection of the tax mentioned.

A CONVENTION of colored men from all parts of the county, is called to meet in Nashville on the 6th of May. Pinchback is the head of the move, and the Convention will consider the social, political and educational condition of the colored man. Pinchback promises to oppose the Windom-Emigration scheme on the ground that it can not be made effective for the want of money. The scheme is very popular with the negroes generally.

THERE is now but little doubt that Congress will reduce the tax on tobacco to sixteen cents, but it is said that John Sherman & Co. will use their utmost endeavors to get the President to veto it, giving as a reason that the Treasury is in no condition to have nine millions of dollars taken off at one swoop. An income tax to cover the amount must be passed before Sherman will allow Hayes to sign the reduction bill.

A TELEGRAM to a Cincinnati paper from Huntington, W. Va., announces the arrival of Genl W. S. Wickham, Vice President, and W. M. S. Dunn, General Superintendent of the Chesapeake & Ohio R. R. It is understood that their visit is in connection with the Big Sandy R. R., the completion of which is so essential to the prosperity of the C. S. R. R. There are fine prospects that work will begin on the former this Spring.

A BANK of earth, which was being excavated for the Chicago & Dalton R. R., not far from Kansas City, Mo., caved in Tuesday, catching twelve men and a lot of horses and mules. Seven of the twelve were killed outright, while the others were fearfully wounded.

A SHERIFF of Pennsylvania has been sentenced to the Penitentiary for twenty-five months, and to pay a fine of \$300 for perjury in oath of office and using money for election purposes. The office of Sheriff seems to be more sought after there than here in Lincoln.

THE Consulting Engineer and Huston & Co., Contractors for the Cincinnati Southern R. R. are at loggerheads, and he has refused to allow them their monthly estimates till they show a proper respect for his orders.

PHIL ARNOLD, the man who snatched a fortune in California by selling bogus diamond mines, died at his home in Elizabethtown this week, aged 50 years. He leaves an estate of about \$250,000.

SENATOR CHRISTIANCY, of Michigan, having accepted the Peruvian Mission, has resigned as United States Senator, and Chandler has all the wires fixed to succeed him.

THE Coal miners that have been on a strike for several months at Ashland, Ky., have resumed work at the old prices. Starvation was beginning to stare them in the face.

THE latest figuring on the probabilities of the Pension Affairs Bill fixes the amount that will be required by its provisions at two hundred and fifty millions of dollars.

A LIST of the creditors and liabilities of the German Savings Institution of Cincinnati has been published, showing the total indebtedness at \$695,267.10.

SENATOR WALLACE, of Pennsylvania, it is said, will be made Chairman of the National Democratic Committee, to succeed Senator Barnum.

JOHN SHERMAN is a candidate for President of the United States, and the Cincinnati Commercial is his organ.

A Richmond (Va.) telegram says that "The Finance Committee have decided to submit to the General Assembly without recommendation the renewed proposition of the American and English Funding Associations. It is that the debt be refunded in bonds payable in forty years, and bearing interest as follows: 3 per cent. for ten years, 4 per cent. for twenty years, and 5 per cent. for ten years. The Committee asked representatives of the Funding Associations to show the ability of their principals to discharge the obligations they propose to assume."

A SPECIAL correspondent sent by the Courier-Journal to Memphis, to ascertain the truth in regard to the reports of yellow fever in the South, very effectually settles the matter in his dispatch in another column. He states on the highest authority that there is not the slightest foundation for these reports, which have, it seems, permeated the entire South and thence found their way here.—(C.J., yesterday.)

THE first Annual meeting of the Kentucky Historical Society, met in Frankfort on the 11th, (that day being chosen because it is supposed to be the birthday of Daniel Boone.) Governor McCreery presided over the meeting and in a short speech forcibly illustrated the importance of the Society. Hon. Isaac Caldwell then delivered an address that is spoken of as peculiarly able and eloquent.

A TELEGRAM from Nashville under date of the 12th, says "The proposition of bondholders to compromise Tennessee's debt of twenty-five millions at sixty cents on the dollar, in bonds bearing six per cent. interest, or reduce the interest on the entire amount of indebtedness to four per cent. brought here by General Pryor from bondholders, will be presented to the House to-morrow."

THE Knights of Honor will be glad to learn that out of one hundred and ninety-one official notices of deaths from yellow fever, one hundred and eighty-one have now been provided for. We learn that the annuities on the members have been on an average of one week for the last month or so.

HARTMAN of Pennsylvania, who yearned for the Berlin Mission, has been appointed with the appointment of Postmaster of Philadelphia. It will pay him \$10,000 a year, which will save him the trouble of his disappointment in failing to get the Mission.

THE terrible whipping that the British army lately, has greatly fired the hearts of the rulers and fifteen steamships have been chartered to carry troops to the scene of battle.

THE Teller Committee has already expended \$13,000 in Louisiana and South Carolina, and as yet has hardly done any thing. It should be discharged and another that is not afraid to do its duty appointed.

MCGILL, an Ohio murderer, was hung at Cleveland yesterday. He was so anxious to get to glory he could hardly wait till execution day.

TIMOTHY LOGAN was arrested at Harrodsburg Wednesday, for forgery said to have been committed in Garrard county.

It is estimated that the Breathitt troubles will cost the State at the present term of the Court at least \$10,000.

TRIAL Before Court Martial of Capt. Thomas Blair.

The Court Martial in the case of Capt. Thomas Blair, for forgery and bigamy, is now in session at Governor's Island, N. Y. General McMahon is counsel for Blair, and presented a written protest against a further continuance of the trial, on the ground that General Sherman was the accused against Blair, and had no right to convene a Court-martial; nor could he so legally, or appoint an officer of his staff to act as Judge Advocate. The Judge Advocate replied at length, stating that the real prosecutor was Mrs. Nichols, of Glasgow. The Court decided that the plea set up was insufficient, and the case must proceed. Capt. Blair pleaded not guilty. General McMahon then applied for permission for the accused to go to Glasgow and procure the necessary evidence of his innocence, which could not be obtained there. The Judge Advocate read a letter addressed by the accused to the Adjutant General, acknowledging the copy of unsigned charges, and asking for leave of absence to go abroad. He also said that his marriage with Mrs. Nichols was not a legal one, and during the time he lived with her she was unchaste. The reception of the letter was objected to by counsel. Testimony was then taken. A batch of letters, purporting to have been written by the accused to the woman in Glasgow, Ann Dalley, who claims the Captain as her husband, were admitted as evidence. They are very damaging to the accused, as in them—if he is indeed the accused—he speaks of the woman as his wife, and calls her two children, Rachel and Bob, his. There was also admitted in evidence a document which purported to be an order granting Blair's discharge from the army. The prosecution claim that Blair forged this order, so as to mislead the Glasgow woman as to his whereabouts, and enable him to marry Mrs. Maria Granger, of Kentucky, the widow of his former commander. Blair admits there was a ceremony performed over him and Ann Dalley, but he claims it was not a marriage, although he subsequently cohabited with her and became the father of her two children. To offset this claim the prosecution submitted a copy of a marriage certificate, granted to Ann Dalley in 1861, on the occasion of her marriage to Thomas B. Nicoll. The letters above alluded to were signed Thomas B. Nicoll, which is the Captain's right name, but he dropped it and assumed his mother's, Blair, when his father, it is stated, disowned him for having married.

GARRARD COUNTY.

Lancaster.

HOME—Is as sweet as the poet felt it to be to the wanderer returned!

DIED.—On Tuesday last, of apoplexy, John Komane, of this place.

SALE.—The sale of stock belonging to E. M. J. W. Slavin, in this county, brought about \$830.

INSANE.—Sally Smith, of this county, was sent on Saturday to an Asylum on a writ of de lunatico inquirendo. The malady has existed since August last.

DEATHS.—The following deaths are reported: On the 8th inst., at Lowell, Charles Monroe; same date, at Hyattsville, Malachi Bolton; on the 9th, at Paint Lick, James Gates.

SCHOOL MATTERS.—The Lancaster Male Academy, which seems to have undergone some vicissitudes lately, was on Monday taken in hand by the able and popular instructor, Mr. B. F. Hudson.

A SECOND GEORGE.—Mr. J. Wesley West gave—not a hatchet, but a knife, to his infant son to amuse himself with. The boy proceeded to cut—not a cherry tree, but his paternal progenitor's handsome countenance, in a manner that produced inflammation of the eye. No questions were asked, and the little man has not learnt to "tell a lie, father."

HOLDING HIS OWN.—The city of Lancaster presents no startling novelties in the line of improvement. Several new sidewalks supply a need long felt and give the backstreets less work to do. Some places reveal all their new items in a few hours. Others carry on under-current so strong that only the Argus-eyed detective can ferret out the sayings and doings. Should this, my first report, prove meager in incident, the circumstances of its construction will justify the omission.

THE METHODIST REVIVAL.—Now in its third week, continues to attract large crowds. The Rev. Dr. Hiner, a minister of merited celebrity, is in attendance. He is a forcible and pleasing speaker, and a man of the mammoth type. On Sunday night the usual quarterly collection was taken up. Thus far there have been five additions. Miss Leila Price, who has so kindly and successfully furnished a weekly report for your paper during your absence, has presided as organist, her talents being as varied as her heart qualities are admirable.

CIRCUIT COURT.—The February term of Circuit Court began here on Monday. Without much delay a suitable jury was impaneled. Thus far nothing has appeared on the docket except the case of McCoy, who was arraigned some fifteen months ago for killing one Board. The case has several times heretofore been under consideration, and was once removed to Lincoln county. Not being reached during that session of the court, it was returned to Garrard. Meanwhile, the prisoner has lingered in confinement till his face is as white as if the sun had never shone upon it. He is impatient at last to know his fate, and hails the hour that shall proclaim it. Wm. H. Miller, of Stanford, and George Deany, Jr., are the prosecuting counsel. Messrs. Walton, Kaufman and Bradley, Sr., and Jr., are on the defense.

TO EDITOR, READERS AND FRIENDS, GREETING!—Seven weeks of delightful sojourn among new faces in new places terminated a day or two ago, and this blustering, rainy night finds the writer ready for a pleasant talk with THE INTERIOR JOURNAL and its corps of talented contributors. Old Prob. sent a fresh snowstorm for my especial benefit as our train prepared to cross the Mountains; but the thorough flag and signal system employed on the dangerous route enabled the iron monster to bear his routine in safety over tunnel, trestle and ravine. The Queen City was reeling in Gertie's pure Italian, and even the Matinee Concerts were crowded till scores were turned from the door. The shop windows with gorgeous stuffs labeled with low prices were very tempting. —Now is the time for generous shopping, when fabrics of all kinds are falling within reach of the moderate incomes of the masses.

PERSONAL.—Mr. George M. Potts, Jr., Frederick, Md., is the guest of G. W. Dunlap. Saturday's train brought Mrs. S. T. Finnie, Miss Susie Finnie and Mr. Edmund Finnie, of Chicago, to this city. Mrs. Finnie, whose health has for some months been failing, is lying very ill at the residence of her daughter, Mrs. G. W. Dunlap, Jr. Mrs. Dr. Wm. Hoffman is in a critical condition, and has for several days been the object of anxious attention on the part of friends. Master Bruce Oswald Hoffman is as handsome a specimen of vigorous babyhood as ever reached the tender age of two weeks. Mr. Wm. Beazley, who has lost so many members of his family within the past few months, is hopelessly ill of heart disease. Mr. James Doores is seriously ill. Miss Eliza Harris, of Stanford, is the guest of Mrs. Robt. Lillard. The Hon. J. S. VanWinkle is in attendance at court. "Quito" is again in our city, contributing social pleasure while engaged in business pursuits. Mr. James B. Dunlap is on a visit to friends here. Dr. Dunlap and wife made a flying trip to this place on Monday.

PULASKI COUNTY.

Numerous.

SHOW.—A Theatrical Troupe is coming this week.

A CANDY PARTY.—Given by Miss Adelle Gossett was a very enjoyable affair.

DIED.—On Wednesday, February 5th, John Hall, aged seventeen, son of Mr. Wesley Hall, of this place.

THE FARMERS.—Are making active preparations for Spring work, as the numerous brush piles and sedge grass fields to be seen daily testify.

A BUSTED SHOW.—A show given by Mr. Thos. Owens at Riley Wilson's Opera House last week was unmercifully broken up by one who blew the lights out, yelled "sweetcakes!" and "don't shoot!" causing a general scattering and bringing financial ruin on the violinist.

PENSION AFFAIRS.—A Quarter Master Agent, Thomas N. Thatcher by name, is here investigating war claims, preparatory to paying out about \$25,000 of such in this county. The people are very much elated at the prospect of having that snug little sum set in circulation "these hard times."

A BAKED SHOE STORE.—Was opened here last Monday by parties living in Lexington. We learn that the proprietor was very much disappointed with the prospect here, so much so, in fact, that he left in disgust a few days ago, saying he could sell half a dozen horses in L. while trying to sell a pair of boots here.

MADISON COUNTY.

Richmond.

LECTURE.—Rev. H. Glass delivered a fine lecture to the "Sons of Temperance" and the various Sunday School children at the Court-house last Sunday evening.

MANY ARE CALLED, BUT.—Captain J. J. Farris, of this county, has been called upon through the columns of the Register to become the Democratic candidate for the Legislature.

ASHLAND HOUSE.—Col. R. G. Burton, of this place, has gone to Lexington and will take charge of the Ashland House. The Colonel's large acquaintance in the State will greatly increase the business of the house.

DON'T COME OFF.—For some reason the election for an additional school tax of 25 cents on the hundred dollars was not held on last Saturday, which was an agreeable disappointment to the heaviest tax payers of the town.

CONCERT.—Miss Rosa P. Ferra—"Ireland's Queen of Song," gave her second musical Concert here, in Green's Opera Hall, on last Tuesday night, but owing to the disagreeable night, we understand the crowd was small.

RELIGIOUS.—Rev. L. H. Blanton, of Paris, filled the pulpit of the Presbyterian Church on last Sunday morning, at Dr. Pratt, at night.—Rev. Mr. Benton, of Danville, held two services at the Episcopal Church on last Sunday.

PROSPECTIVE GRADUATES.—The graduating class of Central University for 1879, numbers 12, three of whom are from Lincoln. They are all smart, good looking, and deserving youths, and it is said that more than two of them aspire to the Presidency of the United States.

CON'S. SALES.—C. H. Breck, County Commissioner made the following Execution sales on last Saturday. The three-story brick store room on Third Street, to Mr. J. McAdie, for \$3,250; and the house and lot on the corner of Second and Irvine Streets, to Mr. James H. Arnold, for \$1,600. Both sales were considered very low.

THE CONVENTION called to meet at Lexington for the purpose of nominating a candidate for Commonwealth's Attorney in this District, convened on the 5th, and the four candidates, Mr. J. M. Adams of Scott, Mr. J. W. Gillespie, of Woodford, Mr. C. J. Bronston, of Madison, and Mr. J. M. Tanner, of Fayette, were put in nomination. On the first ballot Bronston received 48, Adams 41, Gillespie 20, Tanner 17. After twenty-one ballots were taken, Mr. Tanner withdrew, and on the twenty-second ballot, Bronston received 50, Adams 41, and Gillespie 25. And after taking 105 ballots without any change, and remaining three days in session, the Convention adjourned sine die without making any plan for settling the "fuss," but leaving it to the District Committees as to whether they would have another Convention or a primary election. All we wish, is, in the language of the liturgy, for the "good Lord to deliver us" from any more such Conventions.

WAYNE COUNTY.

Monticello.

OPENED.—Prof. W. A. Wilmington opened his Commercial School in one room of the Academy building to-day.

PERSONAL.—Mr. W. J. Buster has moved to town and is occupying the residence on the corner of Main and Valley streets.

BIRTH.—Born to the wife of J. P. Sumners, on the 8th inst., a 12-lb. boy.—Born to the wife of Thos. A. Bates, on the 9th inst.—a boy.

DECEASED.—Nearly every branch of Mercantile business in Nashville, is being represented by Commercial tourists at this place, at this time.

HAIL GENTLE SPRING.—Plows, gearing, etc., are in demand now, as the Spring-like weather of the past fortnight is stimulating our agriculturists into activity. A good deal of plowing has already been done towards the coming corn crop.

SALE OF A FARM.—Mr. James Burnett, of Parmleysville, has just sold his farm near that village to his brother Jonathan, for \$1,000. This farm embraces a part of Horse Hollow, celebrated as the early home of Elder (Raccoon) John Smith.

MARRIAGES.—Licenses have been issued since last report for marriages of James E. Eades to Miss Mary A. Kinnett; Chas. R. Grant to Sarah D. Bell; Joseph Williams to Mary H. Gooding; Hartwell Spang, aged 70, and blind, to Susan A. Culver, aged 50, both paupers and inmates of the county Poor House.

ANOTHER DEATH.—Mrs. Adah, relict of the late Jacob Eades, Sr., departed this life on Tuesday last. About five years ago, she received a fall, causing fracture of the neck of thigh bone, and was never able to walk afterwards. Her afflictions were borne with that fortitude indicative of the Christian faith. She, for many years had been an exemplary member of the Baptist Church.

DEATH.—Departed this life, after a lingering illness of several years, Mr. Lloyd A. Lanier, on the 4th inst., aged 55 years. Mr. Lanier was a native of Nashville, Tenn., for several years a successful Wholesale Grocery Merchant of that city. At the close of the war he moved to this county and purchased property at Mill Springs. He was converted to Christianity under the preaching of Elder W. T. Crenshaw, in 1865, since which time he has lived a consistent member of the Church of Christ. His demise, notwithstanding it had been expected for a long while, cast a shadow of gloom over the entire community in which he lived.

FRANK LESLIE'S SUNDAY MAGAZINE FOR MARCH.—This admirable magazine, improved with age, and the editor (Rev. Dr. Deems) seems determined that it shall be the Household Magazine of America, pure, wholesome, and most interesting. It possesses some very attractive features: the opening paper on "The Island World of the Pacific," by Byron A. Brooks, embraces a succinct, graphic, and most interesting account of the social and moral condition of the Sandwich Islands, Society, Samoa, and Fiji Islands before the introduction of Christianity there. Among other descriptive articles of much interest are "Street Scenes in Madrid," "Funeral Procession in the Caucasus," "The Convent of La Raba," etc., etc. The serial story, "David Fleming's Forgiveness," becomes more and more interesting; a new one is shortly to be commenced, entitled, "Little Hinges." There are several short stories by popular writers. "Thirteen Hundred Years Ago," by Mrs. J. H. Husey, and "Andrew Fordham's Second Thought," by Frances E. Wadleigh, are particularly notable. The number is unusually rich in poems, including special mention are "Truth's Altar," by D. Bethune Duffield; "One Year," by Augusta Browne Garrett; "Shelter," by Emily Huntington Miller; "All Faith but God's Will," by Nellie C. Hastings, etc., etc. "The Calendar of the Prayer Book," is given monthly, containing a full account of the fixed and movable feasts of the year, and the Anglican and American branches of the Episcopal Church. Mrs. J. L. McROBERTS and "Dolly" have gone on a visit to relatives in Madison county.
MISS SALLIE HARRISON has returned from a lengthy visit to Campbellsville and Lebanon.
MISS M. L. BOWEN and little daughter, of Lexington, are guests of Mrs. S. C. Truett.

MA. J. W. SIMPSON, of Gilbert's Creek, will leave next Monday to take a prospecting tour of Kansas.
DR. T. M. LEWIS went to Parkville yesterday to take his brother, Logan, who is lying at the point of death.
DR. LEE F. HUFFMAN has removed his office to the first floor of the Penitentiary on Main street.

WE retain our very sincere thanks to Miss Lella Prior of Lancaster, for the many letters furnished by her during Mrs. Pender's absence.

MR. LOVERNO JOHN C. UNDERWOOD was on the train yesterday, en route to Lancaster. His smile is as sweet as his nomination was certain.

MISS J. R. McKEWEN and her interesting little son, Charles, of Louisville, and Miss Pamela McKinney, who has been visiting her, arrived yesterday evening.

MR. M. FRANKLIN, one of the most enterprising merchants of Richmond, accompanied by his wife, spent several days this week with Mr. and Mrs. S. Praggins of this place.

MR. J. O. SARGENT, of Buffalo Heart, Ill., who has been spending several weeks with his relatives and friends in this and Garrard counties, will leave for his home next week.

MR. AND MRS. GEO. W. ALFORD left yesterday for Tallahassee, Ala. It is Mr. A.'s intention to look out a suitable location for a stable there, and build one for the special accommodation of his own stock.

MRS. ROBINSON, one Miss Biddle Sweeney, the handsome and attractive wife of Mr. J. C. Robinson, and her pretty sister, Miss Jennie Sweeney, both of Lancaster, were guests of Miss Patten and Lucy Reasly last week.

MR. W. S. KNOTT, a prominent young attorney of Lebanon, has taken charge of Rickett's Coal Mines at Pine Hill, as Commissioner and Receiver, and advertises their sale in another column. The property is a valuable one, and offers a fine chance for an enterprising purchaser.

A GOOD SUBSCRIBER.—Mr. James M. Wray, of Bloomington, Illinois, sent us this week the money in advance for two years subscription to the INTERIOR JOURNAL. He evidently is pretty well satisfied with it.

LANCASTER.—A gentleman who returned from Lancaster last evening tells us that McCoy, for the murder of Snaad, got ten years in the Penitentiary, and William F. Kennedy, of Crab Orchard, 30 days in jail, and a \$100 fine for carrying concealed weapons. Kennedy's lawyers were trying to get a new hearing when our informant left.

LOCAL MATTERS.

THIS is St. Valentine's day.

COAL.—For the best Pine Hill and Livingston coal, call on Thomas D. Newland, York on Depot street.

BORN.—On Yesterday morning, to the wife of Montgomery B. Lytle, a son. Hurrah for the old man!

NEW DEPOT.—The Railroad Company is building a large and substantial Depot at the Junction here, which will be completed in a few weeks.

FORTY shares of Stanford National Bank stock is advertised for sale in this issue. Those wishing an excellent investment can apply at this office.

MR. J. A. BERRY, agent for Eugene Busby, Lancaster, is preparing to open out a Confectionery and Fancy Grocery in the store-room adjoining Messrs. Warren & Evans.

BIRTH.—Mr. E. P. Woods has another girl baby at his home. It weighs 9 lb. 12 oz., and Mr. W. consoles himself by the thought that cookeys are in much more demand than clerks.

COTTAGE FOR RENT.—Any one desiring to rent a neat cottage residence in Stanford, with garden attached, can find one by calling on E. R. Hayden. Possession given immediately.

IS HOOD.—R. E. Wilcox, Deputy U. S. Marshal, passed down on the train yesterday, having in custody, James Crawford, of Rockcastle, who had been arrested for wholesale dealing in spirits without payment of the special tax.

LECTURE.—Prof. Tice, of St. Louis, who has made somewhat of a reputation as a weather prophet, lectured here last night, but as this paper was being printed at the same time, a report of the lecture and a notice of the "large and enthusiastic audience" can hardly be expected of us.

FIXING UP.—Messrs. Carson & Dadds are adding some handsome improvements to their store-room, which, when completed and painted, will make it one of the most attractive in town. They are going largely into the saddlery and harness trade, and we hope to see them well patronized.

THAT BOY OF MINE.—Mr. W. H. Blanks writes that he will deliver his lecture entitled "That Boy of Mine" at the Court-house next Tuesday evening. The lecture is very humorous and instructive, and is spoken of in high terms by all who have heard it, and as the admission is only 15 cents, or 25 cents for lady and gentleman, the house will be doubly crowded.

THE N. O. COCK MAIN.—Capt. Thomas G. Moore, of Crab Orchard, left this week for New Orleans, taking with him sixteen beautiful birds of his own raising. At Louisville he was joined by other parties and the number of birds was swelled to one hundred. The Captain is expecting a grand time at the Main, which comes off in a few days, and is sure that Kentucky will win the fights by large odds.

CLOSING.—Another busy season of Fall and Winter goods' selling, is now closing, and the merchant who understands his own interest will close out his remaining stock at all hazards. Such men are the Hayden Brothers. They will, in a few weeks, enter the Eastern markets and buy an immense stock of Spring and Summer goods. To make room for them, they now offer goods for cash at very low prices.

WAYNE COUNTY.—A statement of the financial condition of the county of Wayne, furnished us by Mr. I. N. Sheppard, Clerk, shows that there are bonds outstanding, with interest to next April added, amounting to \$13,780. To pay these there has been set apart the surplus revenue of three years, and the receipts from the rent and sale of the old Court-house, amounting to \$10,175.43, leaving the county but \$3,604.58 in debt, after paying for a new Court-house.

A PETTY SWINDLE.—It required three men, each twice as large as their little prisoner, and each armed with a huge pistol, to take John Cain, handcuffed, to the Penitentiary last Tuesday. Cain is a diminutive specimen of the breed, whom one man could have taken with the greatest ease, the Sheriff, knowing that his chances on the treasury are fast fading away, sends three guards, so as to enable him to make their per diem and other little items, they having engaged to go for their actual expenses and the State is enriched out of \$90 for the little trip, when \$50 would have easily sufficed. This and other kind of leaks to the treasury have run up the expenses of the State for the current year, of \$42,000 over the taxes, and it behooves our next Legislature to look into the matter of carrying prisoners to the Penitentiary and prevent the daily repetition of this kind of swindle.

IT MUST BE JESSE.—In a late issue of the Courier-Journal, the Judge of Trimble county, tells of the confidence game of a swindler, whose base of operations is in Iowa and Illinois. He has been passing himself off as a Kentucky official, and pretending that he had been robbed of the money he had to take him home, obtains loans from sundry individuals, who are ignorant of the true state of things. The description of the man and his plan of proceedings are such as to leave no doubt that the man referred to is J. L. Spring, who, several years since, was a resident of this place. Eleven years ago Mr. Spring was deputy County Clerk for Mr. R. Carson, and subsequently assisted W. H. Miller in the Circuit Clerk's office. He married a Covington lady of considerable means, and on the strength of it he bought on credit, a printing office and published for a short time the Stanford Democrat. When pay-day arrived, Spring failed to pay up the cash and his office was sold under execution. He had by this time squandered all his wife's property, and his conduct was such as to cause her to institute proceedings for a divorce, which she subsequently obtained. Afterwards Spring went to Indiana, and by palming himself off as the Clerk of Wayne county, Kentucky, and a Mason of high standing, he succeeded in obtaining a good amount of money. His game was discovered, however, and he was arrested and tried for obtaining money under false pretenses and sent to the Indiana Penitentiary for two years. This occurred three or four years ago, and as he is free again there is but little doubt that the man referred to in the Courier-Journal and Jesse are one and the same. Pass him around.

RELIGIOUS.

Bishop Dudley, of Kentucky, has been invited to deliver the annual address before the literary societies of the University of Virginia.

Elder G. W. Terrell, of Lexington, will preach at Rush Branch Church next Lord's day, Feb. 16th, at 11 o'clock.

Beecher says the putting on of mourning is an unchristian, expensive, and useless custom. "All my life I have been struggling against these downward views of death. All things considered, I would rather die than live."

Owensboro will soon be entitled to the appellation, in Kentucky, at least, of "City of Churches." There are already within the corporate limits fourteen substantial church edifices, and three more handsome and costly structures are now in course of erection. [Examiner.]

It is estimated that the Church property in the United States amounts to \$500,000,000, and is increasing very rapidly. Dr. Shipman, pastor of Christ Episcopal Church, N. Y., a church noted for its great wealth, is an earnest advocate for the taxation of this vast amount of unproductive property.

The average salary of clergymen in the United States is only \$500 a year. In this profession, as in the law, a few get great compensation and many get starvation wages. We can not weep for any of these unfortunate brethren of either calling while there is a vast area of good land awaiting the hand of the tiller. [Washington Post.]

The preachers of Louisville, backed by hundreds of deacons, wardens, elders and members of congregations, have declared war against the Sunday amusements, including gardens, and even newspapers. On Sunday last the Christian ministers (Catholics excepted) preached against the Continental tendency of the times, and on Monday night held a mass meeting, protesting vigorously against Sabbath-breaking.

LINCOLN COUNTY.

CRAB ORCHARD.—DRUG STORE SOLD.—Mr. J. Henry Fish bought of Andy Egbert, his stock of drugs a few days ago.

GOING TO MOVE.—Mr. Alex. Stephenson, we understand, contemplates moving his store from this place to Buckeye Ridge in Garrard county.

CONFECTIONERY.—Mr. John Singleton has removed his confectionery back to his old stand on Lancaster street. His window present quite an attractive appearance.

LAND, STOCK AND CROP.

Clark Farris bought of J. R. Givens an extra gelding for \$250.

G. A. Lackey sold to Woods & Farris 16 head 1,140-lb cattle, at 4c.

Twenty shares of Fayette National Bank stock were sold on Friday at \$118.

EIGHTEEN SHOTS.—For sale, average 110 pounds, by Felix Albright, Stanford.

Messrs. Peter and Ed. Carter bought of Yowell & Co., 18 head of 900-lb cattle at 3 cents.

P. S. Barber, of Nelson, sold to Frank Holman, of Chicago, 20 brood mares and colts for \$12,225—average, \$612.25. [Local Item.]

Dr. G. O. Graves, of Fayette, sold to Sharp & Hamilton, of same county, 16 nice 2-year-old mules for \$1,000, an average of \$62.50.

The mule trade continues more or less active, and prices are stiff, the range being from \$75 to \$125, as to age and quality. [Rock Hill (S. C.) Herald.]

Mahlstick, D. Swigert's young racer, died a few days ago from a kick over the eye by a filly. He had won ten out of nineteen races he had contested.

The Richmond Register says corn is selling at \$1.25 per barrel, and hay at \$4 per ton, in Rowan county, and the stock men of Madison county are going in that direction with their cattle.

Last year's production in the United States, of cheese, was 350,000,000 pounds, and of butter, 1,500,000,000 pounds. The value of butter and cheese exported, amounted to \$27,000,000.

E. W. Lee, of Timpahoe, has a mare 22 years old, that has borne a colt every year for the past 18 years, each one of which, except the last three, brought him \$200 at 4-years-old. [Columbia Spectator.]

Over twelve thousand acres of Rowan county land were sold at Morehead last Monday, by the Sheriff to satisfy taxes overdue. The greater portion was purchased by the Commonwealth. [Bath County Reporter.]

J. W. Givens, who has been in Lexington, Miss., for the last two months, arrived yesterday. He found the market very tight at first, but recently it had improved and continues to grow better. He got on an average of \$90 for his mules.

George P. Bright tells us that one day last week between 11 A. M. and 5 P. M., he got 15 gallons of water from one maple tree, which was tapped in only two places. Mr. Bright did not produce the proof, so we give his statement for what it is worth.

Clarke Cash, in a letter to us of recent date, from Augusta, Ga., writes that he has sold over 30 head of his mules at cash prices, ranging from \$35 to \$135; and that the price of stock had advanced from \$10 to \$15 on the head in the last two weeks. [Dr. Alcorn, in Danville Advocate.]

At George C. Givens' sale last week, 9 2-year-old steers brought \$15 per head; 1 yearling steer, \$15.50; a cow and calf, \$28.50; 2 yearling mules, \$14.25 each; 2 mares, \$12.50 and \$25.00. Horses from \$23 to \$70; 56 ewes, \$3 per head; hogs, \$2.05 per head; corn, \$2 per barrel, and fodder 10c. per shock.

LEXINGTON COURT.—From 500 to 600 cattle on the market, the best selling at four cents. There was a good demand for feeders. There were from 100 to 150 mules on the market; eight head sold at \$75.10 per head; 16 small ones, \$57.75; broke mules, \$75 to \$115. A great many common horses were sold at from \$15 to \$75 per head.

J. Owsley Evans, of this place, has purchased the Hudson farm, about a mile from Danville, on the Perryville pike, containing 150 acres, with pretty good improvements, at \$70 per acre. Mr. Evans assures us that he has no idea of leaving Stanford, but as heretofore can always be found at his post in Warren & Evans' comprehensive establishment.

The British Government has issued no such order as that published in New York on Saturday, declaring that the landing of live cattle from the United States after the 28th of February was forbidden. On the contrary, the Government has intimated that unless future arrivals prove the existence of disease, they have no intention of interfering with the cattle trade.

LOUISVILLE.—The cattle market is strong with an advance of 25 cents on all grades, and demand greater than supply. Good to extra shippers, 4c to 4c; best butchers', 3 1/2 to 4c; thin to medium, 2 to 3 1/2. Hogs are also higher, choice \$4 to \$4.25; fair to good, \$3.65 to \$3.90; good light, \$3 to \$3.50. The market for sheep is active, and prices a shade stronger. Extra, 4 1/2 to 4; common to medium, 3 to 3 1/2 cents.

We have received from Hon. W. J. Davis, Commissioner of Agriculture, Horticulture and Statistics of Kentucky, a very bound copy of his Report for 1918, from which we glean the following: Number of acres of land in the State, 24,054,784; bushels corn raised last year, 59,083,146; Irish potatoes, 3,131,915 bushels; sweet potatoes, 1,007,975; sorghum, 557,910 gallons; hay, 17,752 tons; clover hay, 27,040 tons; timothy, 191,263; 430 pounds winter wheat, 7,645,004 bushels; rye, 1,277,278 bushels; oats, 6,838,405 bushels. MARRIAGES.

HUGHES—SHEETS.—On the 12th, at Mull-edgeville, Mr. William S. Hughes and Miss Lillie O. Sheen.

ADAMS—ADAMS.—Mr. W. H. Adams, of Marion county, and Miss Elizabeth Adams, of this county, were married at the latter's residence yesterday.

PITTMAN—PITTMAN.—Mr. Micajah Pittman, of Pulaski, and Miss Eliza Pittman were made on flesh at the latter's residence in this county, on the 10th.

HUTCHISON—DOORES.—At Crab Orchard, on the 11th, Mr. Madison P. Hutchison was united in marriage to Miss Sallie F. A. pretty daughter of Dr. W. M. Doores.

PERKINS—DUDDEAR.—On the 13th at the residence of Mr. Samuel Duddear, the father of the bride, Mr. Lucius Perkins, of Garrard, to Miss Margaret S. Duddear, of this county.

POLLY.—POLLY.—The Lebanon Standard records the marriage of Mr. James O. Polly, of Illinois, to Mrs. Mary A. Polly, of Marion county. Just ten years ago they went through this same programme with each other, but after a few years of wedded life Mrs. Polly, who had removed with her husband to Illinois, left him and returned to her home in this State. In the easy-going divorce courts of Illinois, Mr. P. had no trouble in securing a divorce on the grounds of "abandonment." But Mr. Polly could not forget his "pretty Polly," and again sought her smiles, which were sweetly bestowed on him, then they went through the usual billing and cooing, which ended as told above.

ANDERSON—BUCK.—A pair as verdant as our blue-grass hills in Spring-time, came to the Clerk's office here, last Friday, and producing the necessary papers, obtained license to marry. They hailed from Pulaski, and gave their names as Milford Anderson and Miss Nancy Octavia Buck, and being exceedingly anxious to have the knot tied, the services of Rev. J. L. Barnes were procured, who, after much trouble in getting them into the right position, indisolubly bound together their loving hearts.

After the ceremony the groom enquired "what do you charge, Mister," and being told by Mr. Barnes that he always left that to the liberality of the man, Mr. Anderson ran his hand down his breeches pocket and drawing forth a silver half dollar, asked, "Is that enough for you?" Mr. B. answered that it was the greatest abundance, and handing it over with a grin, Mr. A. took his Nancy to more conjugal felicity.

Bishop Dudley, of Kentucky, has been invited to deliver the annual address before the literary societies of the University of Virginia.

Elder G. W. Terrell, of Lexington, will preach at Rush Branch Church next Lord's day, Feb. 16th, at 11 o'clock.

MARRIAGES.

MARRIAGE.—Mr. M. P. Hutchison and Miss Sallie F. Doores, were quietly married at the home of the bride's parents, on Tuesday, Feb. 11th, at 3 o'clock, P. M., in the presence of only a few relatives and friends.

CORRECTION.—It is James Fish who is preparing to go West, and not J. Henry Fish, as we had it in our last report. We are sorry this mistake occurred, as Mr. Henry Fish is in business here and does not expect to leave Crab Orchard soon.

ENTERTAINMENT.—We understand Mrs. Tarrant, principal of Tarrant College, proposes giving an entertainment at this place next month, for the benefit of the Christian Church. Mrs. Tarrant's reputation as a teacher is sufficient proof that her entertainments will always be good.

PERSONAL.—Mr. H. B. Farris, that prince of good fellows who is drumming for Ewell & Co.'s cigar manufactory at Louisville, spent a few days at his home at this place last week. A hop in his honor was given at the Kennedy House on Friday night. Mr. Sam Burnsides, one of Lancaster's gallant young men, was in town Sunday last. Alva Pullins' music teacher was in town last Friday.

ACCOUNTING FOR IT.—Tice was to lecture in Danville last night. Hence the furious storm that swept over us just before sunset.

HOME, SWEET HOME!—C. L. Holmes, late of Louisville, has rented the store-house of R. S. Scott, at Middleburg, where he intends opening a stock of general merchandise about the 10th of March.

GLAD TO GET BACK ALIVE.—Arch Goode has returned from Texas—in part—that is, he left near a hundred pounds of his avoirdupois as black mail exacted by the chills, and sun-stroke, and Northerly, and mud and malaria of the Lone Star enterprise. He doesn't speak of going back—much. His kinsman, L. C. G. is disgusted with his report.

KILLED.—I have just heard of the sudden death of Wm. C. Powell, one of our oldest and most esteemed citizens, which occurred this (Wednesday) morning. Mr. Powell, with his son, was engaged in saving off a log on sloping ground. The log becoming disengaged, suddenly caught Mr. P. who was on the lower side, and rolling over him, crushed his head completely, and broke the bones of his limbs and body as it rushed downward. Of course his death was instantaneous.

Too Fast.—You ante-dated the marriage of Mr. J. P. Smith, of Lexington, and Miss Sallie A. Gibson, of Middleburg. It took place on Thursday, at 2 o'clock, P. M. As I don't understand the terms in which it is lawful to describe a lady's adornments, the best idea I can give, is, the outfit of the bride was devised by the refined taste, and executed by the exquisite skill of the Misses Logan, of this place. Miss Jennie Smith, of Richmond, cousin to the bridegroom, stood by Miss Sallie while she took the vows, while Mr. Sandidge acted as second to the gentleman.

A USELESS DISCOVERY.—Dick Brown, of Washington, has, with great labor, discovered, and with prompt and active zeal, forwarded to Gen. Bristow, record evidence that the father and mother of President Lincoln were really and legally married. Suppose this is all right; but can't see what difference it makes, practically. It is generally understood that the old gentleman left no estate to turn on the question of his son's legitimacy. The son had evidence that the "bar sinister"—if such existed on his escutcheon—was regarded by the Nation as no bar to his attaining its highest honors; and as the same nation enriched his widow by way of expressing its grateful memory of his exalted worth and valuable services, he scarcely needs any further endorsement.

JUST TOO NICE.—If the editor will permit, I will say we had a flying visit from W. P. Walton on Saturday last, all too brief to suit his friends in this quarter. The appearance on our streets of a stranger so handsome and so dignified in appearance, excited great interest, and elicited many inquiries. The call was exclusively on business connected with his paper, Mr. W. will be surprised to read—as he is requested to do—that the matter culminated in "instructions" from a number of his friends, to the reporter, to call on Mr. Walton, urgently, and in good faith, to become a candidate to represent this County in the Legislature at its next session. There is a prevailing opinion here that Mr. W. is eminently fitted for the position, and that the best interests of the whole county would be promoted by placing him in it. Should he see his way clear to respond favorably, he may rely on a hearty support from the West End of the county.

Highland.

SHINGLE MACHINE.—Mr. J. S. Young has purchased and put up a Shingle Machine.

POPULATION STILL INCREASING.—Born, to the wife of Mr. Andrew Young, on the 6th inst., a fine boy or girl—don't know which, and it don't matter, as Andrew appreciates both sexes. Also, to the wife of Mr. John Butt, a bouncing boy.

RELIGIOUS.—The series of meetings conducted by the Rev. Joshua Goolby has greatly edified the community at large. His preaching was able, instructive and to the point, and good behavior prevailed, except on one occasion, when some mischievous boys and girls talked, laughed and sounded a tuning fork, to the great annoyance of the speaker and congregation.

MOVING AROUND.—Mr. Wm. Young has moved from one of H. P. Young's farms to the head waters of Green River, on the land purchased by J. S. Murphy; Mike Retherford from that place to John Spiers'; Wm. Newell to the house that Young left Jos. Hole to the place that Newell left Martin Cook from the widow Goode's to Spiers' land, and Frank Baugh moved from here to Eubanks Station.

PERSONAL.—We are enjoying the visit of our friend, Mr. James Spiers, in this community. He was formerly a citizen of this county, and of this place. He has many friends and relatives here, who esteem it quite a treat to see him again in our midst. Though he has been a citizen of Illinois for some years, yet he enjoys the scenery of our Knobs and the company of his old neighbors, and we still feel that he is one of us. May his stay be pleasant and long as possible, and as your excellent JOURNAL will reach his family this week, we will add that he contemplates starting for home next week. Mr. Jerry Baker is on a visit to friends here.

SAW MILL SOLD.—Mr. A. C. Marlow has bought of J. Pennybaker, his Steam Circular Saw Mill for \$1,125 to be paid in lumber. Mr. Marlow will take charge of the mill immediately.

LECTURE.—Mr. Alexander Lusk, of Gm Sulphur, will deliver a series of lectures here on next Friday and Saturday nights at 6 o'clock. Mr. Lusk has the reputation of being a very interesting and entertaining speaker, and we hope every body will turn out and give him a good and appreciative audience. Lectures to commence on Friday night, the 14th inst.
